Proposed work was built at the intersection of pedagogy and machine learning. Was provided with convenient UI interface

Глава 1

Introduction

1.

- usage of high quality data;

- ;

;

2. Подготовка датасета

Following

Despite being finacially obligatory. It seamed to be reasonable to augment model with

In further chapter will look through advances of

3. Model

Following options were considered

Col1	Col2	Col2	Col3
1	6	87837	787
2	7	78	5415
3	545	778	7507
4	545	18744	7560
5	88	788	6344

Recent advances has shown. Moreover Gusev et al. proposed high flexibility adaption

4.
